

ELIJAH BRERETON

FULL-STACK DEVELOPER

/ ALL ABOUT ME

I'm Eli, a recently qualified full-stack developer specialising in the MERN software stack, which includes MongoDB, Express.js, React, and Node.js.

With expertise in these technologies, I build robust and scalable web applications. I'm passionate about continuous learning and constantly strive to enhance my skills to provide the best possible service to my clients.

/ WORK EXPERIENCE

>> Electrical Contractor

Elijah Brereton Sound & Electrical | 2021 to present

Working as a self employed licensed electrician I performed a wide range of tasks including commercial fitouts, domestic upgrades and repairs, new domestic installations, and assisting in split system AC installations. Additionally, I had the opportunity to work in events for Active Air, where I installed temporary power and air conditioning systems for high-profile clients such as Chanel and Louis Vuitton.

>> Electrical Contractor

KT Electrical | Nov 2020 to March 2021

Worked as a Licensed Electrician in a range of areas including commercial fitouts, domestic upgrades and repairs, new domestic installations, and assisting in split system AC installations. Providing training and support to apprentices across all levels.

>> Electrical Contractor

Rawsons Electrical Contractors | May 2016 to Nov 2020

Worked as a Licensed Electrician in a range of areas including commercial building maintenance, solar and battery installations, commercial fitouts, and domestic upgrades and repairs. Delivered on the job training to apprentices of all stages/skill levels.

/ EDUCATION HISTORY

>> University of Sydney

Full-stack Web Development Bootcamp | Jan 2023 - Jul 2023

>> Adelaide Training and Employment Centre

Certificate III in Electrotechnology Electrician | 2016-2020

>> Concordia College, Adelaide

South Australia Certificate of Education (Year 12) | 2013
