-

## PROFESSIONAL EXPERIENCE

**Louca Electrical Adelaide, SA**

**Dec 2023 - March 2024**

### **Electrical Contractor**

Worked as a Licensed Electrician in a range of areas mostly including commercial fitouts and domestic installations. Working in a team to provide excellent customer service to our clients, while completing jobs with a high level of professionalism.

#### **Key Accomplishments:**

- Showed leadership in training and mentoring younger apprentices to excel in their trade.
- Demonstrated exceptional versatility and adaptability across many large scale projects, delivering high-quality results and meeting client requirements through technical expertise and dedication.

**Elijah Brereton Sound & Electrical Sydney, NSW**

**Nov 2021 - May 2023**

### **Electrical Contractor**

Self-employed licensed electrician with expertise in commercial fitouts, domestic upgrades, repairs, new installations, and event work, including installing temporary power and air conditioning systems for high-profile clients like Chanel and Louis Vuitton.

#### **Key Accomplishments:**

- Successfully operated a self-employed electrical business, overseeing all business operations, client communication, project management, and financial administration.
- Delivered exceptional service and expertise, leading to consistently satisfied customers and positive feedback.

**KT Electrical Adelaide, SA**

**Nov 2020 - March 2021**

### **Electrical Contractor**

Worked as a Licensed Electrician in a range of areas including commercial fitouts, domestic upgrades and repairs, new domestic installations, and assisting in split system AC installations.

#### **Key Accomplishments:**

- Successfully trained and coordinated apprentices of all stages and skill levels, fostering their professional growth and development.
- Cultivated a strong understanding of electrical trade hazards and risks, operating safely within strict guidelines and codes, and consistently updating knowledge for a safe work environment.
